Mr. John F. Blake

GACarver, Jr.

Ammunition Project Funding

25X1 After our conversation last week, I took your  
25X1 excellent suggestion of touching base informally  
25X1 with John Clarke. John saw no problem in  
finding the money and agreed immediately that  
the project was in the Agency's total interest.  
He suggested I see [ ] would come up with  
the funds before we hit Colonel White. The  
attached memo and annexes, which should be self-  
explanatory, were requested [ ] to formalize  
a friendly conversation held on Friday, January  
10. I think [ ] is going to provide the funds and  
will keep you posted on the development of the  
project.
